"Neka Camon"

Many of the views in this supplement represent scenes taken from the pageant, "Neka Camon", (New Spirit), which was presented during Commencement week, 1919.

This remarkable pageant was written by Miss Alma Hickman, a native of Stone county, Mississippi, and a member of the Normal College faculty since its opening in 1912. The pageant was staged by the directors of the music and expression departments, with the assistance of other members of the faculty, and there were used in its production some three hundred students of the College. More than three thousand enthusiastic spectators viewed its second presentation in Woodlawn Park on the College campus.

A motion picture was made of the pageant and this film will be shown in the near future in practically every city and town of the state.

"Neka Camon" represents the Spirit of Education, as exemplified in the work of the Normal College, triumphing over Ignorance and her offspring, Poverty, Disease, and Hate.
